

Proposed 51st Street Roundabout

Concept

- Allows continuous traffic flow around a center island at the southbound I-35 frontage road/51st Street intersection
- Eliminates need for stop sign or traffic signal

Anticipated Benefits

- Creates opportunities for gateways or community focal points
- Reduces traffic delay/backups at intersection
- Allows continuous free right hand turn movement
- Improves safety/reduces vehicle conflict points
- Accommodates all mode types

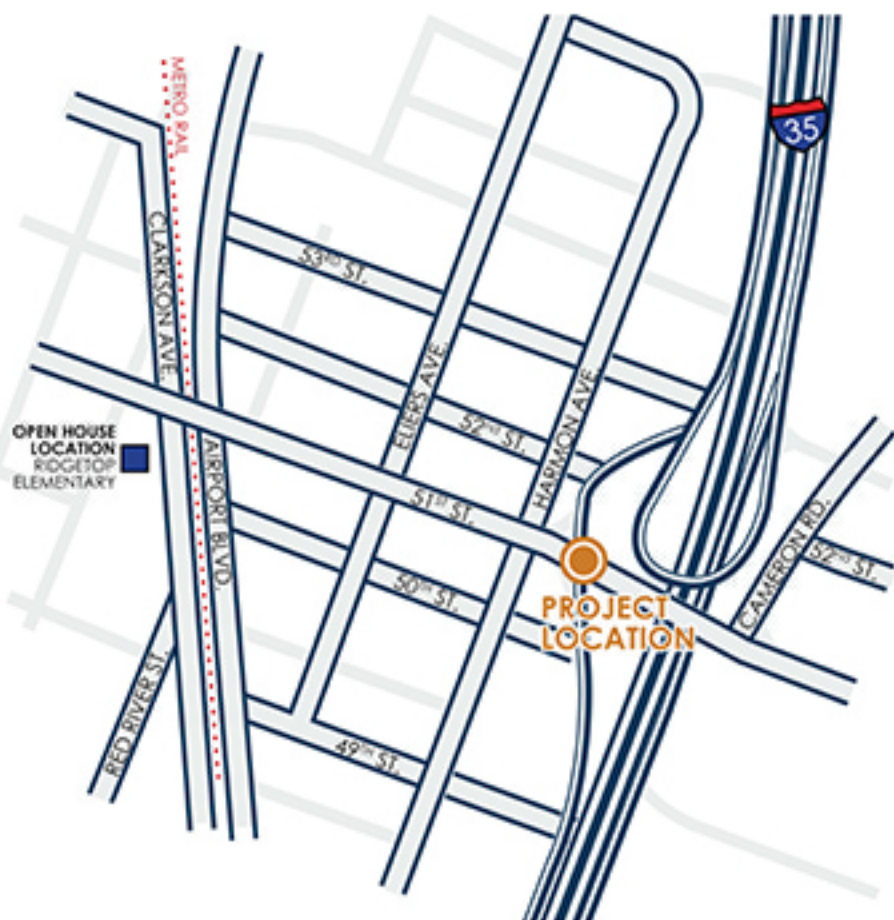

I-35 at 51st Street

This project includes improvements along the southbound lanes of I-35 between US 290 and Airport Boulevard in the vicinity of 51st Street:

- Roundabout at 51st Street and southbound I-35 frontage road
- Southbound frontage road ramp and operational improvements
- Bicycle and pedestrian facility improvements

Stop by any time between 5 - 7:30 p.m. to review materials, ask questions, and submit comments or visit the virtual open house at www.mobility35.org.

I-35 at 51st Street
Thursday, Feb. 12, 2015
Ridgetop Elementary School Gym
5005 Caswell Ave.

Comments received prior to Feb. 26, 2015 will be included in the official open house record.
